

Digging Deeper 7

Geological Survey of Queensland Seminar Bardon Conference Centre, Bardon Wednesday 2nd December 2009

PROGRAM (as of 27/10/09)

- 0900 – 0910 Opening Address (Speaker TBA)
- 0910 – 0935 Update of Exploration Initiatives (David Mason, Executive Director, GSQ)
- 0935 – 1000 Update of Smart Mining — Future Prosperity Grants Initiatives (Simon Crouch, GSQ)
- 1000 – 1030 Recent advances in our understanding of the Mount Isa Inlier (Laurie Hutton & Ian Withnall, GSQ)
- 1030 – 1100 Nd isotopic mapping of sedimentary sequences in Isa and Georgetown: identification of a major isotopic break at ~1650Ma linked to Pb–Zn mineralisation in the Isa valley (Lex Lambeck, GA)
- 1100 – 1130 Morning Tea
- 1130 – 1155 Deep seismic reflection interpretations — North Queensland (Cloncurry to Charters Towers survey) (Ian Withnall on behalf of GSQ and GA)
- 1155 – 1220 Geodynamic and metallogenic implications of the North Queensland seismic survey (Russell Korsch on behalf of GSQ and GA)
- 1220 – 1245 3D geophysics — inversion methodology and 3D alteration mapping, with application to North Queensland (Richard Chopping/Nick Williams, GA)
- 1245 – 1345 LUNCH
- 1345 – 1430 North West Queensland Minerals and Energy Study (Minerals & Greenfields Geoscience, GSQ)
- 1430 – 1500 Coastal Geothermal Energy Initiative (Behnam Talebi, GSQ)
- 1500 – 1530 Carbon Geostorage Initiative (Owen Dixon, GSQ)
- 1530 – 1600 Afternoon Tea
- 1600– 1630 HyLogging™ — A new concept in logging cores! (Ryz Wedepohl, GSQ)
- 1630 – 1645 QDEX update (Adrian Stead, GSQ)
- 1645 – 1650 Close
- 1650 – 1800 Feedback/Discussion/Finger Food/Pay Bar
